Jennifer Bell
Tina Yep
Crystal Gard

Absent

Guests

MINUTES

TREASURER REPORT:

Teresa Pearson distributed the financial report as of 3/31/2023. Revenue continues to exceed expenses. Expenses approved this month include new wraps for the band trucks, expenses related to color guard and reimbursements to Teresa and Mike Pearson for truck fuel, paper plates, patches and a new address stamp. The question was asked about whether unspent revenue will expire or be removed from the budget for next year. Funds raised by the Boosters do not expire and can roll over from year to year.

AUCTION: The Boosters will participate in the Tigard High PSO Spring Auction beginning 4/21. Three basket ideas were created and donations were solicited from booster parents.

OUTREACH- Parents discussed ways to increase outreach and connection to middle school band programs. The band program directors have to limit the amount of communication and outreach provided to middle schools. If Booster participants want to conduct their own outreach to middle school programs, including private school programs, they can do so independently. There will be a event for incoming Freshman at Tigard on 4/18 and the band/orchestra programs can have a table at the event to connect with families.

OPEN BOARD POSITIONS: At the May Booster meeting, officer elections will take place. General position descriptions and time commitments were reviewed with Boosters present at the meeting. All positions will be open for recruitment though some executive board members may run for re-election.

DIRECTOR'S CORNER: Kati McKee shared that the winter guard participants showed amazing growth in skills and confidence throughout the season. She feels this provides a good foundation for the fall color guard program. The Winter Drumline has a small but passionate enrollment. The leadership of the high school participants was appreciated.
